

Steerable Storm Crawler

*Pipe inspection from
24" to 120"*

GENERAL FEATURES

- Unrivaled power and performance
- Increased efficiency with 24 to 120 inch pipe inspection
- Improved field crew productivity and performance
- Reduced maintenance and down time costs
- Unique track system for larger pipe or wheels for smaller pipe inspections
- Remote/ Manual Elevator
- 360 degree skid steer using joy stick
- Automatic freewheel and automatic drive engagement
- Variable speed
- Single connector at rear of crawler. Swivel connector reduces wear and damage to pigtail - a major source of problems
- Utilizes chain versus cables to connect to video cable
- Industry compatible. Cobra Crawlers can be installed on any multi-conductor system with an appropriate adaptor cable
- Access through 24 inch manholes

Elevator Raised

ELEVATOR FOR LARGE PIPE INSPECTION

- Provides pipe inspection capabilities to 120 inches and above
- No additional power supply needed for large pipe inspections
- Remote controlled Elevator
- Elevator defaults to closed position automatically in the event of a power failure

Steerable With Wheels
